A couple of months ago, I wrote a blog article entitled Trademarks: Delay can cost you, which went into some detail on the intricacies of trademark law. As a trademark attorney and small-business lawyer, I took it for granted that most people know the difference between the (R) symbol and the TM symbol, but later found out that much confusion exists about these symbols and what they mean.

Tamia, the young protagonist of the story, overhears the unseen narrator introduce her, saying that "Tamia is still very small." Taking exception to this, Tamia wanders through a fantastic landscape of cute, sometimes unidentifiable animals and creatures. Asking a large creature, "Am I small?" she is told, "You are teeny-weeny!"

The natural day-and-night division of a calendar day forms the fundamental basis as to why each day is split into two cycles. Originally there were two cycles: one cycle which could be tracked by the position of the Sun (day), followed by one cycle which could be tracked by the Moon and stars (night). This eventually evolved into the two 12-hour periods which are used today, starting at ...
