Solved: Cell City Analogy In A Far Away City Called Grant ...

Shannan Muskopf September 14, 2017. This popular activity asks students to read a story about a fictional town where each part of the city is compared to the parts of a cell. For example: "Widgets are generally produced in small shops around the city, these small shops can be built by the carpenter's union (whose headquarters are in town hall).". In this case, the small shops represent ribosomes which make proteins, or the widgets.
