For a heart valve, therefore, the resistance to flow is inversely proportional to A^2 . The pressure gradient can be viewed as the force driving flow (F), where $F = \Delta P/R$. This relationship is based upon Ohm's Law from physics in which current equals the voltage difference divided by the resistance ($I = \Delta V/R$).

I'm not a conspiracy theorist. I investigate conspiracy theories and I gather evidence before I believe anything anyone purports to be true. 8-10 years ago this New World Order topic came to my attention, and along with it, the One World Government plans. At the time, I remember reading that the American mainstream media was calling the New World Order a "conspiracy theory" and denied that any ...
