I bought a Rotel RTC 970 preamplifier 4 months ago. The sound is OK. I really like the tuner.But the remote control is a total waste. For the unit of this price, the remote control looks extremely cheap. I constantly had problems with it from day one. I had to be really close to the unit in order for it to pick up the signal.

The RTC 970 is out of production, and was not designed as well as many newer pre/pro units, but for the time it was produced and at the price, it was and still is a very good preamp. My point that you found so funny was that it is not necessary to have both an in and an out in DB25, or more than 1 DB 25 in, if you wish to expand.
