Self studying, which involves studying without direct supervision or attendance in a classroom, is a valuable way to learn, and is quickly growing in popularity among parents and students. By complementing formal education with home study, students can see a drastic improvement to grades, material understanding, and confidence. Many students study at home to supplement [...]

Best Methods of Self Study for Students | Oxford Learning

For your actual study blocks, set a timer for 30-50 minutes and then take a timed break before getting back to work. You'll study more efficiently if you know a timer will be going off soon. If you study right after school, you could commit to working until dinner time but then give yourself the rest of the evening off.
