Slark should try to play aggressively once he reaches level six, so he can take full advantage of the agility transfer from Essence Shift. Use Slark's high mobility to pick off supports before fights break out, allowing his team to start with an advantage. Slark can stack 2 or even up to 3 camps at a time using his high mobility and Pounce.

Dota 2 Slark Guide - How to Play, Tips and Tricks ...

Introduction Welcome to the genuine Slark guide, where you will (hopefully) learn what to do when you pick this very special hero, who is often considered to be the "squishiest" hero in the agility roster. Having very little health and pretty mediocre (or even bad) statgain, I can see how a lot of people consider Slark to be a weak hero.

Slark can turn, cast spells, and use items during Pounce, but cannot attack. When latching on a unit, Slark is automatically ordered to attack the target. The more the leash gets stretched, the slower the affected unit can walk away from the center, eventually coming to a full stop. It directly affects the target's movement speed.

Dota 2 Guide - Slark

Dota 2 Hero Guide - Slark. Slark is notorious for being one of the most difficult heroes to kill in all of Dota 2. He is slippery to the core, living up to his name as the Nightcrawler—being a hero that constantly evades capture and death itself. For the uninitiated and unprepared, Slark will seem like a totally broken character, able to strike without warning at any given moment—and get away from danger in the blink of an eye.
