The Evolution Of Business Strategy

The evolution of business strategy over the past 50 years has been significantly influenced by two general approaches: Structure-Conduct-Performance and the Resource-Based approach. Both perspectives were developed from leading academic centers and have managed to stand the test of time, albeit with occasional cosmetic changes.

The Evolution of Business Strategy

Abstract. Often, business strategies in the past have been based on rigid, structured models and approaches to strategic analysis and policy setting. Many corporate strategies and strategic budgets today are still set and executed through an approach that is essentially mechanical and uninspired. The past is extrapolated into the future, with little change from the status quo expected or planned.
