Florida's use of census and economic data, presented in works such as The Rise of the Creative Class (2002), Cities and the Creative Class (2004), and The Flight of the Creative Class (2007), as well as Bobos in Paradise by David Brooks (whose "bobos" roughly correspond to Florida's creative class), and NEO Power by Ross Honeywill [citation needed], has shown that cities which attract and retain creative residents prosper, while those that do not stagnate. This research has gained traction ...

### Review of Flight of the Creative Class

In this highly influential and best-selling book The Rise of the Creative Class, Dr. Richard Florida rightly points out that cities have for too long focused on the wrong economic development goals. City officials have tried to attract and retain Fortune 500 corporations, but the cost of courting big business, as you well know, is steep.
