The Invention of Religion Kindle Edition - Amazon

"Although his book is a historical study, the points Josephson makes about the 'invention of religion' in the Meiji period are still crucial even in the context of today's Japan....Josephson offers a provocative and insightful contribution to the field and deserves to be read not only by those who are interested in historical research, but also for its deeper reflection about contemporary issues regarding religions in Japan."

The Invention of a New Religion by Basil Hall Chamberlain

This book will change how you view "religion" as a concept. Josephson's argument in Invention of Religion in Japan revolves around the Japanese struggle to define "religion" when translating the 1858 Treaty of Amity and Commerce between Japan and the United States or "Harris Treaty." He suggests that the treaty's authors were only really concerned with protecting the practice of ...

The Invention of Religion in Japan by Jason Ananda ...

The implications of this work spill well beyond the bounds of Japanese religions, and "The Invention of Religion in Japan" can be read as a study of how a new shared concept comes into being. However, unlike many books making arguments about that nature of human culture, Josephson supports his arguments with a detailed historical narrative.
