Early African-American Music The earliest forms of African-American music were imported with the slaves themselves. Slaves brought knowledge of West African musical instruments like drums, zithers, xylophones, and the banjo. Tribal dances from West Africa morphed into "step" dances, and tribal melodies became

The Evolution of African-American Music

For African Americans, this notion of musical uplift had a dual character. Oriented toward African Americans, it suggested that music could elevate and enrich a people abased by slavery and its aftermath. But music could also break down social barriers, demonstrating to society at large African Americans' common humanity.
