### Warfare, Raiding and Defence in Early Medieval Britain ...

Raiding Parties War itself consisted of sorties made by relatively small raiding parties operating on a hit-and-run basis, and raids were organized to avenge a slain member of the tribe or to gain personal war honors. There was little loss of life. An individual organized his war party by sending a messenger with a pipe to nearby villages.

### Warfare and Defense | Milwaukee Public Museum

I argue that human raiding ecology suggests the need to endogenize attacker-defender move order as well as opportunities for tactical mismatch available to defenders. Perhaps most significantly, I draw attention to the surprising lacunae in sex differences across attack and defense.

### The importance of raiding ecology and sex differences in ...

The first part of this thesis examines how Navajo cultural philosophy views raiding, warfare, and warriors. Navajos understand raiding and warfare as controlled evils that should only be used for defense and protection. Anything human, environmental, or spiritual that poses a threat to Navajo individuals and/or society is considered an enemy.

### Warfare: An "undesirable necessity" in Navajo life ...

When assaulting, it is recommended to have several times the number of troops involved in the attack than the defenders have in their garrison. This will minimize the attacker's casualties, as the defenders are overrun and unable to maintain any level of adequate defense.

Viking warfare, along with its key component of raiding, is inextricably connected with the expansion of Scandinavian influence along the North Atlantic and into the Mediterranean in the Viking Age (c. 790-1100 CE), where the Vikings' heavy use of ships, good strategic mobility and strong grasp on logistics ensured they could cause havoc abroad for years at a time.

### Viking Warfare - Ancient History Encyclopedia

Trench warfare proliferated when a revolution in firepower was not matched by similar advances in mobility, resulting in a gruelling form of warfare in which the defender held the advantage. On the Western Front in 1914–1918, both sides constructed elaborate trench, underground, and dugout systems opposing each other along a front , protected from assault by barbed wire .

### Trench warfare - Wikipedia

Medieval strategists made use of many forms of warfare, including set-piece battles, of course, as well as the petty warfare of raiding and harassment. But they also improved a third type of warfare—the siege, or, more properly, poliorcetics, the art of both fortification and siege warfare.

### Strategy - Medieval strategy | Britannica

Although secondary to space battles, ground warfare is a vital aspect of many wars. Ground combat takes place between the planet owner's defense armies and the invader's assault armies. The number of armies that can be engaged in combat on either side is five plus one-fifth of the size of the planet.
